

## HOW TO TIE YOUR BELT

1.

1. Grasp the two ends evenly.
2. Wrap the belt around your waist.
- 3a. & 3 b. Keeping the right side on the outside, eliminate the cross by bringing it to the front left.
4. Make sure the belt is one even bind.
5. Place the right side over and under both binds.

2.

6. Grasp the two ends and make sure the two ends are even.
- 7a & 7b. Place the left end over and between the loop.
8. Pull the ends firmly while making sure that the knot is secure and flat.
9. The belt now is tied properly.
